The vote against the confirmation of Mr. Taylor was smaller than had been expected, from the fact that a number of those opposed had either been paired or absented themselves. Practically the united opposition was dissipated on Tuesday, when an understanding was arrived at between the friends and opponents of the nominee.

Mr. Taylor was nominated for minister to Bolivia, but failed confirmation. He is a resident of Kansas, and the fact of his non-residence it, the District has formed the basis of most of the antagonism to him.
